

Give kids the confidence and skills they need to grow into happy, healthy adults.

Too Good puts **Social and Emotional Learning** to work through fun and interactive lessons, building the self confidence young people need to make healthy choices and achieve success.

Too Good for Drugs and *Too Good for Violence – Social Perspectives* promote positive, **pro-social attitudes and behaviors**, while fostering healthy relationships, resistance to substance abuse and conflict, and resistance to negative peer pressure and influence.

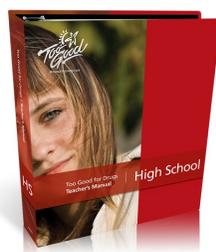

Too Good mitigates risk factors and promotes resiliency through the development of these skills and traits:

- **Goal Setting**
- **Decision Making**
- **Effective Communication**
- **Anger Management**
- **Media Literacy**
- **Conflict Resolution**
- **Social and Emotional Competency**
- **Pro-social Bonding**

Too Good for Drugs and *Too Good for Violence-Social Perspectives* are evidence-based, skill-building programs designed to mitigate risk factors and build the basis for a safe supportive, and respectful learning environment.

Each of the Too Good programs feature:

- **Fully-scripted Lessons**
- **Age-appropriate Approach**
- **Assessment and Evaluation Tools**
- **Enhanced Cooperative Learning**
- **Built-in Classroom Management**
- **Parent Component**
- **Technical Support**

Too Good in Elementary School

Too Good for Drugs K-5 and *Social Perspectives K-5* teach the fundamental elements of social and emotional learning through developmentally appropriate activities that set the foundation for a healthy adolescence. Lessons develop the skills kids need to set goals, identify emotions and feelings, build healthy relationships, and make healthy choices that contribute to their overall health and well-being.

Too Good in Middle School

Too Good for Drugs 6-8 and *Social Perspectives 6-8* empower teens to meet the challenges of middle school life by addressing more complex emotions and situations. Lessons build on the skills introduced in earlier grades to foster confidence and self-efficacy and resistance to substance abuse through goal setting and achievement, responsible decision making, positive conflict resolution and healthy relationships.

Too Good in High School

Too Good for Drugs and Social Perspectives High School build on the prevention concepts of Too Good K-8 and address real world challenges teens face in high school and beyond. The program explores practical guidance for understanding dating and relationships, violence and conflict, underage drinking, substance abuse, and healthy friendships. Lessons further enhance skills for responsible decision-making, effective communication, media literacy, conflict resolution, and promoting college and career readiness.
